ABOUT ME

Passionate Frontend Developer with a strong foundation in HTML, CSS, React, and JavaScript. Committed to crafting exceptional user experiences and staying updated with the latest web development trends. Aspiring to launch a successful web development career.

Work Experience

Production Supervisor:

- DeWi Back Handels GmbH - Berlin
July 2020 - March 2022
- Ensured precise production processes on a bakery line.
- Supervised and provided guidance to a team of 5-6 employees.
- Conducted quality control assessments.

PROJECTS

PERSONAL PORTFOLIO WEBSITE:

- Crafted a responsive portfolio website with HTML, CSS, and React.
- Applied modern design principles to highlight skills and showcase projects.
- Leveraged React features, including hooks, props, conditional rendering, useContext, custom hooks, and more.

React-Redux Toolkit E-Commerce Project:

- Developed an e-commerce website using React-Redux and Redux Toolkit.
- Improved user experience with efficient state management.

To-Do List Web App:

- Created a user-friendly To-Do List web application with HTML, CSS, and Vanilla JavaScript.
- Implemented essential features for adding, editing, and deleting tasks.

Templates Project:

- Created versatile web templates utilizing Flexbox, Grid, and advanced HTML, CSS, and JavaScript features.

Additional Projects:

- Developed various applications, including a Quiz App, Hangman Game, Memory Game, Slider, and Fetch API integration.
